  - Pull Lever to the right for Mixed Temperature Water
    - Pull Lever forward for Hot Water
    - Push Lever Backwards for Ambient Water

### Dimensions

SAN Classic / Inox

### Technical Specification

	<b>SAN Classic</b>	<b>SAN Inox</b>
<b>Material</b>	Chrome-Plated Brass	Stainless Steel (Matte)
<b>Valve</b>	Ceramic Disc	Ceramic Disc
<b>Inlet Size</b>	¼" Inlet	¼" Inlet
<b>Drilling Hole</b>	Ø36mm	Ø36mm
<b>Table-Top Placement</b>	Ø54mm	Ø54mm
<b>Origin</b>	Taiwan	Taiwan

## Support & General Maintenance

### Cleaning Instructions:

Use a damp cloth to wipe the surfaces – Do not use cleaning agents that may cause discolouration and corrosion to the plated surfaces.

## Troubleshooting

### Leakage:

In the unlikely event of leakage, turn off the water valve supplying water to the filtration unit and contact our Technical Support.

### Recommendations:

If water filtration unit is left unused for more than 2 days due to e.g. overseas travels, office closure etc., we highly recommend the following:

- Turn off the water inlet valve supplying water to the filtration
- When turning it back on for use, flush out the stagnant water within the system by turning on the tap for at least 2 minutes before consumption

Do not store hazardous chemical by-products such as cleaning agents and pesticides near the filtration system, so as to prevent any possible contamination.
